SHOOTING IN GENERAL ROW

In Willoughby Neighborhood. One Seriously and Another Fatally Shot.

At a general family row Sunday afternoon in the Willoughby neighborhood, John Martin shot and seriously injured his brother, Marion Martin, and is thought to have wounded his brother-in-law, Lee Willoughby, fatally. The trouble is said to have grown out of bad feeling due to the belief upon the part of John Martin that his brother, Marion Martin had caused a number of men in that neighborhood, including John Martin, to be indicted at the recent term of the grand jury for gaming, which accusation Marion Martin stoutly denied. Martin was shot in the thumb and hip, while Willoughby was shot in the bowels. Willoughby was rushed to the Good Samaritan Hospital at Lexington, where he now is and is reported to have slight chance of recovery.

A few hours after the shooting John Martin surrendered and claims the shooting of his brother was justified and in his own self-defense, while the shooting of Willoughby, he claims, was accidental.

ROBERTSON BUYS TOBACCO

Mr. A. R. Robertson of the A. R. Robertson Loose Leaf Tobacco Warehouse Co., last week purchased a number of crops at prices ranging from 22 to 25 cents per pound. Among those purchased were: A. B. Ratliff, two crops at 23½ cents; R. C. Gatewood, two crops at 23 and 25 cents; Sutton & Prewitt, crop at 22 cents; Wilson & Lawrence, crop at 23 cents. Mr. Robinson also bought the Clay & Pangburn purchase of about 125,000 pounds purchased by them in Carter county. It is reported that several crops changed hands last week, other than those above mentioned, but we were unable to secure the figures.

MARRY AT LEXINGTON.

Miss Effie F. Prewitt and Mr. Robert Cravens surprised their friends by going to Lexington Thursday where they were married. The bride is a daughter of Mr. B. D. Prewitt of the Spence neighborhood and is said to be a most attractive young woman. The groom is a son of Deputy Sheriff Wm. Cravens and is well liked by a large number of friends. The young people will reside in this city.

Wonderful opportunity to buy your winter supplies at cost.

PRIEST KEMPER TO MARRY.

Mr. and Mrs. James A. Butler, of Millersburg, announce the engagement of their daughter, Mattie, to Mr. William Priest Kemper, of Hopkinsville, formerly of Mt. Sterling. The marriage will be celebrated some time during the winter.

The above will be of interest to a wide circle of relatives and friends in this and surrounding counties. Mr. Kemper is one of the finest young men ever reared in our county and is exceedingly popular.

AMERICANS ARE KILLED

Germans Kill Three, Wound Five and Capture Twelve in First Real Fight We Have.

Washington has received messages stating that the Germans stormed the trenches occupied by Americans on the battle front in France and killed, captured and wounded a number of our men.

The War Department made this known on receipt of a dispatch from General Pershing showing that the German forces soon after learning the positions of the new enemy from overseas, had launched a desperate effort to overcome them. The Teutonic attack came in the form of a heavy barrage fire which isolated a salient of the American trench and apparently left a small force of Americans at the mercy of their enemies.

That the American soldiers fought gamely is shown by Pershing's report of a prisoner being taken by them. How some of his troops escaped, bringing this German back with them is not told in the brief dispatch of the American commander. The United States troops were taken in charge of veteran French soldiers to a quiet portion of the long line that runs from the North Sea to Switzerland.

W. P. Grigsby, a Louisville boy is among those captured.

BURCHETT FARM SOLD

Major D. J. Burchett last week sold his farm of 102 acres on the Paris pike to Mr. R. S. Greene at the reported price of \$19,500 which makes the farm bring a little less than \$200 per acre. Mr. Greene will get possession March 1st, and Major and Mrs. Burchett will move to this city to reside.

RENTS FLAT

Mr. and Mrs. A. S. Johnson have rented the flat over the Advocate office and will move to same as soon as it is vacated by Mr. J. M. Hoffman who will move to property recently purchased on Samuels avenue.

DEMOCRATS EASY WINNERS

Although an Extremely Light Vote Was Polled the Democratic Candidates Won By Splendid Majorities.

Election Passes Off Quietly With No Evidences of Whiskey or Money Being Used By Either Side.

CONSTITUTIONAL AMENDMENT CARRIED EASILY

Possibly the quietest election held in Montgomery County in many years was held Tuesday. As will be seen by the figures less than 2000 votes were polled, by both parties, which is a falling off of about one thousand. This was due, no doubt, to the fact that only a few candidates had opposition and the general belief that Democrats would win.

Hon. Chas. H. Morris, for Attorney General had no opposition, but received a good vote, as did Hon. Geo. Hon. for State Senator. Judge T. L. Candel of Menefee county carried both counties for Representative, winning by over six hundred.

Though not first on the ballot and without opposition, Earl W. Senn, for County Judge, received the largest popular vote of any candidate on the ballot.

A vote was taken in the Aarons Run precinct whether or not cattle should be permitted to run at large on the public roads etc. and the people voted by a two to one majority that they should not. The Constitutional amendment received a very light vote owing to the fact that few people understood it. However it carried by a vote of 471 to 143.

W. R. McKee for Mayor of the City of Mt. Sterling had no opposition. Democratic councilmen were elected in the first, second and fourth wards without opposition as were the Republicans in the Third ward. T. B. Rodman had no opposition for City Assessor. We are very glad indeed to report that the election passed off quietly and so far as we were able to ascertain no whiskey or money was used anywhere.

Menefee County.

Reports from Menefee county are to the effect that the entire Democratic ticket won although some of the races were very close.

Bath County.

Democratic candidates winners in all races by nice majority.

Fayette County.

F. A. Bullock, Democrat, elected County Judge, A. L. Hamilton elected Representative from county and Billy Klair was an easy winner in Lexington. Police Judge John J. Riley re-elected by more than 2,000. Majority big surprise even to his admirers. T. C. Bradley, W. H. McCorkle, Charles H. Darnaby and Harry Shoonmaker elected City Commissioners. The defeat of

George Land was a surprise. Constitutional amendment carries but only small vote polled on the question. The defeat of Land was a hard blow to the city administration and takes the political control of the city out of the hands of Mayor Rogers.

New York

Democrats win all offices. Mayor Mitchell, Independent candidate for Mayor, defeated by John F. Hylan, Democrat, by 100,000 votes. Tammany Hall is again in control of New York City. Woman's suffrage carried in New York by more than 40,000.

Louisville Republican

The entire Democratic ticket was defeated in Louisville in a Republican landslide. George W. Smith was elected Mayor of Louisville over C. J. Cronan by more than 2,000. Democrats claim voters were intimidated but little trouble was reported. This was the hottest fight in many years in that city.

Ohio Doubtful.

John Galvin was elected Mayor of Cincinnati on the Republican ticket. The wet and dry fight in that state is reported very close with the odds in favor of the wets. The dry forces have made wonderful strides in that state in the last few years. Woman's suffrage in Ohio was defeated by a very large vote.

Rooms For Rent—Nicely furnished, centrally located, use of bath, phone 281. (tf)

There is said to be an unusually large crop of rabbits, and the boy and dog will proceed to relieve the meat crisis.

ROBINSON BUYS FARMS

W. B. Robinson & Co., last week purchased from W. B. Leggett his farm of 70 acres on the Maysville pike and about five and one-half miles from this city. This is considered an extra good farm as it contains from 40 to 50 acres of tobacco land. The farm of Mr. J. W. Douglas, lying in Bourbon county and containing 83 acres, was also bought by the above parties. This farm is also said to be a fine one. Prices in both instances private.

ORGANIZE

THIS WEEK

Mass Meeting Called for Saturday Afternoon and Dr. W. A. Ganfield Will Speak.

Messrs. H. A. Power, District Chairman, Z. A. Wilcox, and W. O. Henton, of Paris, were in this city today to interest the citizens in the organization of a Y. M. C. A. Chapter to raise funds for the boys in the trenches, as well as the various camps over the country. Mr. John G. Winn was selected as chairman and has called a mass meeting at the Court House for Saturday afternoon at 2 o'clock. Dr. W. A. Ganfield, of Danville, has been invited to speak and an army officer from Camp Taylor, interested in the Y. M. C. A. work will also be present. Every cent raised will be used in the army and not one cent retained by any state or national board. The Y. M. C. A. is doing a great service and we should all get behind this work. Come to the meeting without fail.

TERRIBLE ACCIDENT

Miss Keturah Greene, while sweeping the floor at the home of her father, Mr. Harve Greene, this morning picked up a dynamite cap and not knowing what it was started to throw it into the fire when it exploded and blew her thumb and forefinger of her left hand entirely off and tore a large hole in the palm of her hand. It is a most terrible accident and the many friends of the young lady deeply regret the unfortunate occurrence.

BUYS CITY PROPERTY

Mr. Ollie Sanderson has purchased the residence of Mr. Taylor Fitzpatrick, Jr., on Sycamore street, at a price around \$5,000. This home has been built but a short time and is modern in every way. Mr. Sanderson will get possession immediately.

HUNDREDS SIGN PLEDGE

Ladies in Charge of Campaign Are Meeting With Splendid Success in Undertaking.

Several hundred housewives of Montgomery county have signed the food pledge as requested by the Government and it is a rare sight not to see the pledge card in the windows of the homes. Those in charge of the work for the Government deserve great credit for their untiring efforts to aid in this crisis. It is expected that from 1,100 to 1,200 signers will be secured. The greatest trouble seems to be that the people do not understand what is asked of them but when it is explained they readily sign the card. Mrs. C. A. Lindsey is chairman and says she has not noticed any evidence of pro-German feeling but rather the lack of information on the subject. If for any reason you did not get a card secure one at the Rest Room, sign it and in this manner help do your bit to help the boys in the trenches who are giving up their lives that we may live.

TO ORGANIZE ASSOCIATION

Every one interested in the schools of our town, or in the educational welfare of the children of Mt. Sterling, is earnestly requested to be present at the City High School Auditorium on Tuesday, Nov. 13th at 3 o'clock. At that time a Parent-Teacher Association will be organized and other matters relating to the schools will be discussed. The following program will be rendered:

1. "The Parent-Teacher Association—What It Can Accomplish?"—Prof. W. O. Hopper.
2. "Parent Co-operation With the Schools"—Miss Alice Cassidy.
3. "Citizen Co-operation With the Schools"—Hon. John G. Winn.
4. "Teacher Co-operation With the Home"—A School Patron.
5. Some suggestions for Immediate Activity"—Mr. L. T. Chiles.
6. Organization of Association, miscellaneous business, etc.
7. Adjournment.

Let everybody make an effort to attend this important meeting and help organize a Parent-Teacher Association that will be a credit to our city.

Signed,

MRS. G. W. SNYDER,
MISS ELIZA HARRIS,
MRS. A. B. OLDHAM,
PROF. W. O. HOPPER.

PUBLIC SALE

—OF—
23 1-3 Acres of Land

I will sell at public auction the John W. White place, located on west side of South Sycamore street, and containing in all 23 1-3 acres of good land with improvements. This desirable place will be sold at public auction to the highest bidder on

Saturday, Nov. 10, 1917

at 2:30 o'clock p. m., on the premises. The improvements consist of a 7-room brick dwelling, tenant house, barn, stable, corn crib, etc.

This is one of the most beautiful locations for a home around Mt. Sterling, located as it is on the hill overlooking our beautiful little city of the Bluegrass. This will make you a nice home and a farm in town. The land lying next to the C. & O. R. R. would make good warehouse or factory sites, and the land on Sycamore street good building lots, or the whole tract for cultivation.

This place has been subdivided into seven tracts and will be sold that way first, and then as a whole, a plat of this tract can be seen at my office or will be posted in public places. Now is your chance to buy a few acres close in, at a bargain. Will be glad to show this place to any prospective buyers. Terms of sale, one-third cash, balance in one and two years, with interest at 6 per cent. on deferred payments.

ANENT DICTATORS.

A perpetual source of wonder and astonishment to the peoples of the Old World is the immense power lodged in the hands of the President of the United States. The central powers endeavor to use it as an argument against the sincerity of our declarations as to the objects of this country in the world struggle. They point out that our President is more of a dictator than any Hohen-zollern or Hapsburg. Even our friends the British seem unable to reconcile his great powers with our proud boast of personal liberty.

Viewed from an Old World point of view, we must confess the problem is a knotty one. From the the solution is very simple. And the one great outstanding principle that governs the situation is that of human volition.

Kingly powers are matters of inheritance. Not one of the millions of the Kaiser's subjects had the least voice in clothing him with the power he wields over them. Those powers were conferred first by MIGHT on his remote ancestors and passed on by MIGHT to their present possessor. The question of fitness to exercise those powers has never entered into the situation. His power for evil is as absolute and unlimited as his powers for good, count, as witness the pitiful spectacle of imbecile rulers who have in the past dominated many of the old countries. As a matter of fact, mediocrity of intellect and a paucity of moral fibre has characterized the majority of European rulers as far among them a really great character has developed occasionally, which is the one fact that this in any sense tended to mitigate the evils of the system.

Widely different from this is the condition in our country. Here the principle of human volition and individual freedom of choice has full and free expression. Every President of this country has been in the fullest sense of the word the choice of the people. Primarily, he has not one iota of power not enjoyed by the humblest citizen of the republic. His

power is a delegated power, and that only for a season and an emergency. At the end of that season or emergency, his power is stripped from him, and he resumes his place as merely one of the millions.

In the matter of personal fitness, too, the Presidents of the United States have in every instance measured up to the highest standard. Not one has ever proven recreant to the high trust reposed in him. All, without exception, have been men of probity and high ideals. As their choosing guarantees this unless the people themselves were decadent. From all of which it can be seen that European dictatorships are one man dictatorships, while the American brand—if it can be so called, is a dictatorship of the masses—in fact, one hundred million strong.

Wonderful opportunity to buy your winter supplies at cost.

PATIENCE.

Supposin, fish don't bite at first,
What are you goin' to do?
Throw down your pole, chuck out your bait,
An' say your fishin's through?
You bet you ain't; you're goin to fish,
An' fish, an' fish, an' wait
Until you've ketch'd a basketful
Or used up all your bait.
Suppose success don't come at first,
What are you goin' to do?
Throw up the sponge and kick yourself?
An' growl, an' fret, and stew?
You bet you ain't, you're goin' to fish
An' bait, an' bait again.
Until success will bite your hook,
For grit is sure to win.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. on the sale of tobacco over our loose leaf floor on the opening sale day.

We will also sell without charges of any kind any tobacco donated to the above funds at any time during the season.

We feel that in doing this we will be "doing our bit" toward aiding the government in its great work of making the world safe for democracy.

We will be pleased to talk to the farmers in this section regarding their tobacco and to aid them in any way we can so that they may have the benefit of our many years' experience in the tobacco business.

We will guarantee that tobacco sold with us will bring full market value.

We will be glad to make you a price on your tobacco in the barn if you prefer selling it that way. Call on us in person or by phone and we will give you our best advice.

TWO WAYS TO SOLVE HOG PROBLEM.

If we are to maintain our supplies to the allies, we have only one of two courses, or a combination of both: First, we must reduce our consumption of pork products to the prewar normal or better; and, second, we must increase our production. If we discontinue exports, we will move the German line from France to the Atlantic seaboard.

Pork products have an influence in this present world situation wider than one would ordinarily attribute to them. The human body must have a certain amount of daily intake of fat. Whether this fat is by means of dairy products, by vegetable oil, or by pork products becomes a secondary question in time of complete national stress, because pork products to some degree will substitute for the other fats.

Increased production in pork fats can be accomplished with a great deal more rapidly than increased production of dairy products and on a much more widely extended scale. An increase in pork fats can also be made more rapidly than an increase in vegetable fats. It appears to me, therefore, that we must concentrate on the increase in the production of hogs if we are to answer the world's craving for fats. Formerly our situation during the coming year lends itself to this end.

Start a "Keep-a-Pig" Movement.

This situation is one that can be partly solved by our suburban population. If every suburbanite took to his care a pig and fed it on the house garbage, he would increase our fat supply and do so without calling upon our general feeding stuffs. We need a "keep-a-pig" movement in this country—and a properly cared for pig is no more insanitary than a dog. Such a movement would necessarily require some changes in village and urban ordinances; but the national welfare would be warrant for such a course of action.

Bring your job work to the Ad- vocate office.

A WORLD-WIDE MOVEMENT.

A world-wide campaign to organize in the American Red Cross the thousands of Americans living outside the United States proper will shortly be inaugurated from Red Cross national headquarters, at Washington. An Insular and Foreign Division of the American Red Cross will be created, according to an announcement made at National Headquarters today.

Otis H. Cutler, a prominent New York business man, has volunteered his services as manager of this new division. Mr. Cutler will have his offices in Washington and will serve without remuneration during the period of the war.

The American Red Cross now has seven chapters in Alaska, two in Hawaii, and one each in the Philippines, Canal Zone, Porto Rico, Cuba, Peru, England, Guam, Uruguay, and Syria. Under Mr. Cutler's direction, additional chapters will be organized in these and other countries.

At Last—A One-Adjustment Cream Separator

BEFORE you buy any cream separator, come in and look at the Primrose. One adjustment is all that is necessary to keep it in perfect operating condition at all times. This adjustment is a simple one for keeping the bowl at the correct height—an adjustment that you or your wife can safely make, whenever it's necessary. The adjustment is made from the outside of the separator by either raising or lowering the bearing containing the hardened steel point, upon which the spindle revolves. A slight turn with a screwdriver, perhaps once a year, does the work. The Primrose is a well-constructed, close-skimming, durable cream separator. It will make a saving of \$10.00 to \$15.00 per cow in your herd every year. It is made in four sizes to separate 350 to 850 pounds of milk per hour, or from about 40 to 98 gallons. Ask for a catalogue giving a complete description, or come in and look over the Primrose yourself.

Country Home and Store House

FOR SALE

If not sold privately before, I will, as agent for E. L. Fassett, of Mt. Sterling, Ky., offer at public sale his property at Stoops, Ky., consisting of about

FIVE ACRES OF LAND AND IMPROVEMENTS

The improvements consist of a six room house, plastered, has four rooms on lower floor and two rooms upstairs. There is a good cellar under the house with concrete floor and finished with shelves. The house is warm and comfortable and one of the best homes in the county. There is also a four acre tobacco barn, containing six stalls for stock, and a smokehouse, and other outbuildings, with a corn crib sufficient to hold 125 barrels of corn and a small granary therein, with a good shed attached. Also a new cabin in the yard. On one corner of the land is the Stoops storehouse now occupied by S. F. Deal, and this store has done and is doing one of the biggest and best businesses of any store in the county and the stand is a money maker and with proper handling will make a good storekeeper rich. The location is one of the best in the county for a blacksmith shop, also, as most of the patronage in that section comes to the city. There is plenty of fruit on the land and the yard, which is large is full of plenty of shade trees. There is an excellent well in the barn lot and a fine cistern at the residence, this cistern being 14 feet deep and 8½ feet in the clear. The land is rich and fertile.

The property is located close to school and churches and in one of the best neighborhoods in the county, and anyone wanting a nice home in the country and a place where they can make some good money cannot afford to overlook this property. Terms made known on day of sale.

If the place is not sold privately, it will be offered at the Court House door in Mt. Sterling, Ky., at public auction, on

SATURDAY, NOVEMBER 17

at 2 o'clock p. m.

If you are in the market see me at once. Will be glad to show the property to prospective purchasers.

SOME WAR TAXES

With the exception of increased letter rates and tobacco taxes which went into effect Friday, the special stamp taxes on documents, legal instruments and parcel post packages which go into operation December 1, all special taxes began Thursday. They include:

One cent on each dime paid for amusement admissions.

Three per cent. on payment for freight transportation.

Eight per cent. on passenger fares.

Ten per cent. on payments for Pullman and similar accommodations.

Five per cent. on oil pipe line transportation.

One cent for each twenty cents or fraction paid for express packages.

Five cents on each telegraph, telephone or radio message costing 15 cents or more.

Various taxes on cigars, cigarettes, tobacco and products.

Ten per cent. on club dues.

Eight cents on each \$100 of new life insurance and one cent on each dollar of premiums paid on fire, marine, casualty and other insurance policies.

Although the tobacco taxes did not become operative until Friday, many dealers had already advanced retail prices in anticipation of the war levies. Other taxes of the new law, including those on hard and soft drinks, incomes and war-excess profits, have been in effect since the law was approved October 3, but in indirect form.

On December 1, the new stamp taxes, including those on parcel post packages, will be payable, putting the entire law into complete operation, except for increased rates on second-class mail, postponed until July 1 next.

Increases in first-class mail rates probably will be most generally felt by the people. The law provides that the postage on letters, except "drop" or local letters, shall be 3 cents; and that on post cards, including private mailing cards, shall be one cent more than heretofore. This increase includes so-called picture post cards. The advances were made effective thirty days after passage of the law, and are construed by the Postoffice Department to begin with letters and post cards postmarked November 2.

The increases also have been extended by departmental order to first-class mail to many foreign countries, which under postal conventions have enjoyed the domestic rates. The new three-cent rate, therefore, will apply to letters to Canada, Cuba, Mexico, Panama, England, Ireland, Scotland, Wales, the Bahamas, Barbados, British Guinea, British Honduras, Santo Domingo, Dutch West Indies, Leeward Islands, Newfoundland and New Zealand. The post card increases will extend to Canada, Cuba, Mexico and Panama, the only countries which have enjoyed the domestic post card rate.

For consumers' convenience, books of postage stamps containing 3-cent stamps are in readiness for sale, and the department has had printed thousands of 2-cent post cards.

Amusement admission taxes became effective Thursday at places charging more than 5 cents. They are 1 cent for each 10 cents or fraction paid for such admission, payable by the person admitted, but collected by the Government from the amusement proprietor, required to make sworn returns to the Treasury.

A flat tax of 1 cent for each child under 12 admitted when children are charged also is provided. Passes also are taxed, except those to bona fide employees, municipal officers and children under 12, at the regular rate, which also is extended to cabarets or other entertainment in which the admission is included in the price paid for refreshment, merchandise or service. Persons leasing theater boxes must pay 10 per cent. on their rental.

The new rates on cigars range from 25 cents to \$7 per thousand, and on cigarettes from 80 cents to

\$1.20 per thousand. Five cents a pound is the new tax on tobacco, snuff and other manufactured tobacco, while cigarette papers are taxed from ½ cent to 1 cent per hundred. As the taxes are now reaching the ultimate consumer, the raises mean about 1 cent more on 5 cent tobacco packages, from 2 to 5 cents on cigarette packages and from 1 to 10 cents on cigars.

The taxes on freight and passenger transportation are also extended to motor vehicle competitors of steam and electric railways and water lines. The passenger transportation tax is not applicable to fares costing 35 cents or less, or commutation or season tickets for trips less than thirty miles. Payments for services rendered the Federal and State Governments are exempt from taxation.

The 10 per cent. tax on Pullman accommodations is applicable to payments for seats, berths and state-rooms in parlor and sleeping cars or on vessels.

The 5-cent tax on telegraph, telephone or radio messages costing 15 cents or more applies only to those originating in the United States.

Clubs whose dues are less than \$12 a year and fees to lodges are exempt from the 10 per cent. tax on club dues.

The new insurance taxes are imposed on new policies issued, with reinsurance policies exempted. Industrial or weekly payment policies are taxed 40 per cent. on the first premium on policies for \$500 or less.

CHILDREN BURNED

The twin children of Mr. Press Tabor, prominent oil man of Menefee county, were killed and their bodies cremated as the result of a gas explosion and fire which destroyed the Tabor residence at Rothwell at nine o'clock Wednesday morning, according to reports reaching here that afternoon. Mr. Tabor was away from home and Mrs. Tabor had gone to the store at Rothwell leaving her three children in charge of a servant. The twins were in the kitchen with the baby, and it is thought, turned the gas on and struck a match. The noise of the explosion aroused the servant, who was in another part of the house, and she rushed to the kitchen and managed to save the baby. The twins, however, were lying on the floor and it is believed they were killed by the gas fumes. The servant was unable, owing to the headway of the fire which followed the explosion, to save their bodies which were cremated when the home was destroyed. Mr. Tabor is a nephew of the late W. R. Tabor, of Rothwell, and was formerly agent for the Adams Express Company at that place. Lately he has been quite successful in oil leases, and has many friends throughout this section who will be deeply grieved to learn of the terrible tragedy.

VINOL CREATES STRENGTH

Positive—Convincing Proof

It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.

By Cod Liver and Beef Peptones, Iron and Manganese Phosphates, Iron and Manganese Citrate, Lime and Soda Glycophosphates, Casein.

Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.

All weak, run-down, overworked, nervous men and women may prove this at our expense.

There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection. W. S. Lloyd, Druggist, Mt. Sterling, Ky.

THE BEAUTIFUL GULF COAST

MOBILE, ALABAMA

"Mother of Mystics"

So! "Here we Rest," according to the meaning of the word "Alabama." We are at a terminal of a delightful trip on the Louisville & Nashville Railroad.

The early explorers did well when they founded the French colonies, which were begun under the brothers de Bienville and d'Iberville.

Mobile lies at the mouth of the Mobile River, which is formed by the junction of the Alabama and Tombigbee rivers. Many products of the interior come down these rivers; cotton and lumber in large quantities is seen, and coal from further north.

Mobile harbor affords accommodation at her wharfs for both commercial and tourist traffic. The city of Mobile is some thirty miles from the Gulf of Mexico and it is a delightful sail up the broad winding entrance to this city—Mobile—which has a population of 75,000 souls.

From the water's edge there is a gradual rise of the land which leads to attractive hills and ravines, upon which are located beautiful southern homes—old and new—and the shell roads are a boon to the automobilist.

There are few cities in the world which possess so many beautiful streets that might be termed boulevards. Some of them resemble small portions of Paris, France or Brussels, Belgium—as it was before the present devastation from the European War.

These streets in Mobile are lined with some Monarchs of a century of nature's production—the grand old elms and water oaks, and not a few are embellished by the hoary gray hanging moss that sways with the passing breezes. Government street is the most imposing, and branching from it are many attractive park-like streets—made beautiful through the care of up-to-date civic co-operation. There can scarcely be found a drive more beautiful—by nature's own painting—than along Mobile Bay, by sunset in the summer time, or at autumn it is one never to be forgotten.

Mobile is a city of education culture and perhaps interesting con-

servatism, yet it is a city of true hospitality, with a touch of what remains of the old regime of French, English, and Spanish. It is a city that has been "under five flags," and many of its people bear the distinctive features of their ancestors, in its many fine looking and even beautiful women, and courteous "old school" men.

Mobile is fast becoming an all-year-round resort, with fine hotels, and all centering around its historic and beautiful Bienville Square.

Mobile is often called "The Mother of Mystics," because she was the first to originate the "Mardi Gras," and she yearly still calls thousands to herself at that festival time.

Those desiring out-door recreation will find it in and around Mobile, in abundance. Small steamers ply between her suburban health resorts, beautiful Fairhope, Battles Wharf, Point Clear, Magnolia Springs and other attractive spots; which are made more beautiful by nature's hand, and where health-giving ozone is freely given from the Gulf of Mexico.

In addition, Mobile has excellent golf links, a fine Country Club, plenty of good fishing, and automobiling over roads that cannot be surpassed.

Old Mobile is unlike any other city on the Gulf. She has her own attractions, as well as those of her surroundings. A few weeks' stay there and mingling with her people cannot be but well spent. She is also a city of Clubs, and genuine hospitality. A Tourist Welcome Club, among others, heartily welcomes all visitors to this city of de Bienville and d'Iberville.—Carlyle Porter.

Mobile is located in the beautiful Gulf Coast region and is conveniently reached from the north by the superb steel passenger trains of the Louisville & Nashville Railroad.

TO THE PUBLIC!

In view of the fact that several contagious diseases have been prevailing in our midst, and in order to the more effectively handle the situation, the Board of Education and the City Board of Health of the city of Mt. Sterling, have ordered an examination to be made of all of the children enrolled at the Mt. Sterling Graded Common School, under the supervision of the Health and Welfare League, gratuitously, through the kindness and generosity of the medical and dental professions of our city, and we do most earnestly hope and believe we will have the hearty cooperation of all of our citizens, as the work can only accomplish good for all parties concerned.

The Kentucky State Law of Health requires that all homes where contagious or infectious diseases exist, shall be placarded or even flaged, and we hope that our people will not feel offended in the least should it become necessary to placard your house, for this law will be rigidly enforced in the future.

Respectfully,
J. A. SHIRLEY,

THE TURKEY MARKET

It was reported in the daily press of last week that the railroad companies had announced that they would not accept turkey and geese shipments in earload lots except at the shipper's risk, and owing to the extreme shortage the dealers are "up in the air" so to speak as to what arrangements to make. We understand that Armour's man was in this city a few days ago and advised dealers not to pay an extremely high price for turkeys as the crop in Texas was very large and it was the belief of the Eastern dealers that the people would not use anything like the number they had used in other years owing to the disposition of the people to make Thanksgiving a fast day instead of a feast day. Many dealers suffered a severe loss last year owing to the people refusing to buy at the then prevailing high prices.

The following is a copy of a telegram sent to the Southern Poultry & Egg Shippers' Convention, at Atlanta, Ga., Oct. 22nd, but was not delivered:

"In view of the shortage of meat and the great need of an adequate supply in helping to win the war you are urged for patriotic reasons to slaughter no turkeys until fully matured. Needless for us to tell you shippers that this should be done, but suggest that you give our suggestion the widest publicity so that farmers will not market birds not fully matured.

"Very truly yours,
"U. S. Food Administration,

MISS SWEENEY TO LECTURE

Miss Mary E. Sweeney, of Lexington, will lecture in the annex of the Christian church on Friday, Nov. 9th at 2:30 p. m., under the auspices of the Woman's History Club. In presenting Miss Sweeney in her lecture "The Food Situation and What We Can Do To Help" the club is setting a very high standard for future programs. This talented woman, who was one of the five women chosen by the Government to assist Mr. Hoover and the Food Administration in its program of conservation, is just returning from Washington where she has been for two months engaged in this important service to our Government. Miss Sweeney is in a position to give authoritative information on these and kindred subjects, and those who are privileged to hear her may look forward to an hour both profitable and pleasant.

HOOVER'S GOIN' TO GET YOU

The darned old Hoover pledge has come to our house to stay; To frown our breakfast bacon down, and take our steak away; It cans our morning waffles, and our sausage, too, it seems, And dilates on the succulence of corn, and spuds and beans.

So skimp the sugar in your cake and leave the butter out, Or Hoover's goin' to get you if you DON'T WATCH OUT!

Oh, gone are the good old days of hot cakes thickly spread; And meatless, wheatless, hopeless days are reigning in their stead; And gone the days of fat rib roasts, and two-inch T-bone steaks, And doughnuts plump and golden brown, the kind that mother makes And when it comes to pie and cake, just learn to cut it out, Or Hoover's goin' to get you if you DON'T WATCH OUT!

So spread your buckwheats sparingly, and peel your taters thin; And tighten up your belt a notch, and don't forget to grin. And if, sometimes, your whole soul yearns for shortcake high and wide

And biscuits drenched with honey, and chicken, butter fried, Remember then that Kaiser Bill is short on sauerkraut, And Hoover's goin' to get him if we'll A-I-L HELP OUT!

THE SICK

Mr. Edward Bogie is able to be out again.

Mrs. A. R. Robertson is at Martinsville for rheumatism.

There is little change in the condition of Mr. W. A. Sutton.

The condition of Mrs. L. L. Bridgforth remains about the same.

Miss Kathleen McCabe is confined to her room, suffering with a severe cold.

Mr. Caldwell Clay, who has been suffering with a severe cold for the past week, is able to be out.

Master John Walsh, who has been quite sick for the past few days, is getting along nicely.

Mary Ann, little daughter of Mr. and Mrs. J. C. Gaitskill, Jr., has been on the sick list for a week.

Mrs. Michael Rooney is out after being confined to her bed for a month with a nervous breakdown.

Rev. J. S. Wilson was able to preach Sunday for the first time since recovering from his sick spell.

Miss Henrietta, daughter of Mr. and Mrs. David Howell, who is ill with scarlet fever, is improving nicely.

Miss Alpha Enock, who was operated on at Lexington last week for appendicitis, is getting along nicely.

Mrs. John L. McCormick has gone to Rochester, Minn., for treatment at the hospital of the Mayo Bros. The many friends of this excellent lady hope for her speedy recovery.

SOCIAL EVENTS

Mrs. Tom Greene entertained the Sewing Circle at her home on the Winchester pike Saturday afternoon.

The Seniors and faculty of the City High School were entertained by the Juniors last Wednesday evening with a Halloween mask party at the home of Miss Leota Henderson on Holt avenue. The hours were very pleasantly spent in playing games, fortune-telling and dancing. A very elaborate supper of substantial and ices was served, and the party broke up about midnight when the ghosts and goblins were beginning to stir.

SELLS BUICKS

The Mt. Sterling Garage sold and delivered last week one six cylinder Buick roadster to Harvey Crooks, and one four cylinder touring car to Mr. and Mrs. John White, both of Bath county.

MEASURING PARTY POSTPONED

The "Measuring Party" announced for Friday evening at the Presbyterian Parish House, is postponed until further notice.

ATTENTION, LADIES PLEASE

The surgical dressings situation abroad has become so important that Maj. Murphy cabled the following to Washington Headquarters:

"The Red Cross has direct responsibility of supplying us with surgical dressings, and nothing in the whole situation here is equally important. Red Cross standard dressings in millions must be sent over with all possible speed.

"If this is not done, and done immediately, a serious calamity and national disgrace is inevitable. The American women who compose the Red Cross chapters' workers should prepare with all enthusiasm and speed possible the dressings which are going to mean life or death to our own men. This whole situation deals with the most vital thing that women of America can do for the soldiers in this war."

If this information is given wide publicity by you, it should certainly settle in everyone's mind the question whether or not surgical dressings are being made throughout the country in excess of requirements, and it should have the good effect of stimulating Red Cross work in all chapters throughout the United States.

During the summer a great many people left the cities, and you have probably noticed that the number of workers in your workrooms diminished. The effect of this urgent need should be to get all of these people to again take up this work in earnest, and do so knowing that they are rendering a real service.

Representatives of the Woman's Bureau at Washington have just returned from abroad, and they inform us that it is hard for us to appreciate the great quantities of dressings that are necessary. To best enable us to visualize this, they have informed us that cases are numerous where an entire box of dressings is used on one patient.

Volunteer workers are needed, won't you come and assist in this work? We need you badly. Do not stay away because you do not know how to make the bandages as we have competent instructors. Room over Duerson's Drug Store. Come and do your bit for Uncle Sam.

THE ORIGINAL WM. IRVINE FAYSSOUX HERE NEXT WEEK

The announcement of the forthcoming engagement of Fayssoux, the youthful prodigy, whose achievements in mental telepathy and hypnotism have been the talk of the large cities of the country for years will be received with uncommon interest. His demonstrations in the occult sciences surpass the most fantastic marvels attributed to the parsons priests and metaphysicians of the Hindu temples.

The human mind is to Fayssoux an open book, which he reads with unerring accuracy. The mind reading exploits of the telepathists, spirit mediums, and other charlatans whose fakes have excited wonder because of the cleverness of the imposters who have been practicing before the public for years, are eclipsed by the bona fide demonstrations of the Great Fayssoux. The marvelous exhibitions Fayssoux gives convinces the most skeptical of his extraordinary psychic art.

He submits to tests that prove beyond the shadow of doubt that his performances are absolutely genuine and above reproach.

Fayssoux will begin an engagement of two nights at The Tabb, Monday, Nov. 12 and 13. His performances are unlike anything ever before presented to the American public. The audience is alternately convulsed with mirth, stricken with awe, and bewildered by the ever changing character of the entertainment.

MILK GOES UP AGAIN

Milk dealers again raised the price beginning Nov. 1st. Milk is now selling for 60 cents per gallon. Milk was raised to 48 cents Oct. 1st, and if it keeps on going up at the rate of 12 cents per gallon per month town folks will soon have to be buying a cow and keeping her in the parlors. The price obtained for milk here now is higher than it is being sold for in the large cities.

"SAFE FOR DEMOCRACY."

Just at this time the world is anxiously inquiring the inward-meaning of President Wilson's immoral phrase, "safe for democracy."

Just what is "safe," and just what is "democracy?"

In the first place, safety, while it must contain the element of freedom, must NOT grant license.

Safety means security—of the individual, the group, the community, the state, the nation, the world—security from the FORCEFUL encroachment of others. It MUST carry with it exemption from violence.

Likewise democracy means freedom—of the individual, the group, the community, the state, the nation, the world—freedom in the enjoyment of life, liberty and the pursuit of happiness.

But freedom, made absolute, would nullify SAFETY and result in anarchy. Therefore freedom must be

bounded by equity.

The divine principle of RIGHT decrees that none shall climb to success on the downfall of another. Your brother's unmerited loss must not be your gain. And this must apply not only to individuals, but to voluntary groups, communities, states, nations. It must be world-wide.

Given a world-wide recognition of this principle, we have the very essence of democracy.

When all individuals and groups shall recognize the RIGHTS of other individuals and groups, and concede them, then will the world be "safe for democracy."

If any are inclined to paraphrase Pilate and ask, "What is Right?" we would answer, an EQUITABLE allotment of the opportunities of earth and of life.

Stories, Notes and News Items
Concerning Film Stars and
"Movies" in General.

Edited by H. W. M.

If You Know the Name

of this film star hand your answer in at The Tabb Wednesday night, Nov. 7th. A week's pass to the three lucky guessers.

Evert Overton in "Soldiers of Chance."

Evert Overton, college graduate and former newspaper man, began his stage career in musical comedy and vaudeville, appearing with Raymond Hitchcock and other stars. He wrote and produced several successful motion picture plays and was engaged by Albert E. Smith, president of Greater Vitaphone in November, 1915. Among the pictures in which he has played lead are "Hesper of the Mountain," "The Two Edged Sword," "The Money Mill," "The Enemy," and after an absence of several months from the screen, he returns in "Soldiers of Chance," the Greater Vitaphone Blue Ribbon Feature, which will be the attraction at the Tabb Theatre on Thurs. Nov. 8th.

In this picture, he is starred with Miriam Fouché, a beautiful and talented young star, who is one of the few moving picture actresses of independent means. Miss Fouché, who is only 20 years old, inherited \$50,000 on the death of her father, two years ago. A part of this money was lost in cotton speculation. Two weeks ago, however, she received \$25,000 more from the sale of oil stocks in Texas. Miss Fouché was born in Shreveport, La., daughter of one of the oldest French families in the South, the lineage on her father's side extending back to the nobles in France. When seven years old, she entered St. Francis Academy for Girls, in Shreveport, where she remained until she was fifteen. Then she removed to Texas, where her father was in business. She went into moving pictures a little more than a year ago.

Also supporting Mr. Overton in "Soldiers of Chance," are Julia Swayne Gordon, Charles Kent, Denton Vane, Charles Henderson and other well known players.

Madge Kennedy Makes Her Picture Debut

Madge Kennedy, the famous stage comedienne, makes her first appearance as a motion picture star in the Goldwyn farce comedy, "Baby Mine," which is the attraction at the Tabb Theatre, Sat. Nov. 10th.

This production is the first comedy offering by the new Goldwyn Pictures Corporation, and has been elaborated for the picture presentation from a comedy that ranked as one of the most successful of recent years and which made a fortune for its owners and producers.

The story of "Baby Mine" is that of a young wife whose pleasure seeking inclinations cause her sober-minded husband to leave her. Madge Kennedy plays the part of the wife, Zoie, and Frank Morgan is the husband. Her scheme to get him back furnishes the situations around which the comedy revolves. After he has been away for some months, Zoie causes his return with an announcement that a baby boy has come to the household. There is no such thing, but Zoie proposes to get one from a children's home. But hubby gets home sooner than expected, and there being no baby on hand, they steal one. The mother of the child is soon in close pursuit, and they borrow the washwoman's twins and Alfred is told that he is the father of twins. The resulting complications make all the fun.

A MT. STERLING INTERVIEW

Nanie Trimble Tells Her Experience

The following brief account of an interview with a Mt. Sterling woman nine years ago, and its sequel, will be read with keen interest by every citizen.

Nanie Trimble, 10 Jamison St., Mt. Sterling, says: "Last fall, I was hardly able to stand on my feet to do my housework. I suffered from an almost constant pain in my left side. I had a dull aching, heavy, bearing-down feeling through my hips and across my kidneys. The way my kidneys were acting caused me a lot of distress. I bloated somewhat in my hands and limbs. I was nervous, tired and sick all the time until I used Doan's Kidney Pills. This medicine greatly benefited me and I soon felt like a different person." (Statement given February 24, 1908.)

On January 6, 1917, Nanie Trimble said: "I am always glad to praise Doan's Kidney Pills. They have helped me wonderfully and whenever I have any sign of kidney trouble now, they never fail to give me relief."

THE BEAUTIFUL GULF COAST

GULFPORT, MISS.

Mississippi is a land of romance and interesting history, and she has furnished some famous men who have had spectacular careers. Mississippi was found by old world explorers to have a fine climate and many fascinations. Two centuries ago DeSoto, Joliet, Marquette, Iberville, Bienville and LaSalle had a "vision" of the civilization of Mississippi of today. Mississippi has had one hundred years of statehood and she expects to celebrate her Centennial near Gulfport in 1919.

At Gulfport is a railway pier extending one mile into the Mississippi Sound. It gives dockage facilities to foreign vessels and makes the harbor a gateway to the interior of the state, and south to the Panama Canal region. Gulfport is thus famed, together with its land connections along the line of the Louisville & Nashville Railroad for its accessibility from and to all points north, south, east and west.

The city of Gulfport has attractive homes, fine churches and schools, and an aggressive wide-awake people. She has also about her fruit lands and garden spots for the settler from the North. She has in her Great Southern Hotel a fine up-to-date hostelry. Gulfport is on the beautiful Shell road also, that extends for miles along the edge of

the Sound. It is a fine breeze one gets at most any day of the year, when aboard that electric line that runs along the very water's edge. The golf links, a few miles east of Gulfport, are an attraction on this line; also the Military Academy and beautiful Beauvoir, that was once the home of Jefferson Davis, and which is now a harbor for the Confederate Veterans of the South.

If, while sojourning at Gulfport, you are weary of golfing or boating, why then in the moonlit nights or dark nights you can go searching for "flounders"—when the tide is out. It is a picturesque sight to see men and women, who live along the shore who often at night are thus engaged. By the aid of the light of their torches they enjoy this sport. No doubt many find it an economic pastime.

Gulfport is a coming city of some size! Strangers are cordially welcome either to visit for a time or to add their interest to that of many others who come for the attractions and well-being she offers to all who may wish to share them with her. Carlyle Porter.

Gulfport is one of the attractive resorts located on the Beautiful Gulf Coast and reached by the superb steel passenger trains of the

Nannie E. O. Stofor's Executor,
etc. Plaintiffs
Versus. Notice of Sale in Equity
Nannie E. O. Stofor's Devises,
etc. Defendants

By virtue of a judgment and order of sale of the Montgomery Circuit Court, rendered at the October Term, 1917, thereof, in the above cause, the undersigned will on the

19th Day of November, 1917

at one o'clock, p. m., or thereabout, (being Court Day), proceed to offer for sale, at Public Auction, to the highest bidder, on a credit of six and twelve months, at the Court House door, in Mt. Sterling, Ky., the property mentioned in the judgment, to-wit:

FIRST TRACT.—A certain tract of land located in Montgomery county, Kentucky, at the Southeast corner of the junction of the Mt. Sterling and Levee pike with the Levee and Camargo pike, and bounded as follows: Beginning at the said junction of the Mt. Sterling and Levee turnpike with the Levee and Camargo pike; thence with the Levee and Camargo pike N. 83 3/4 deg. E. 51 88-100 poles; thence N. 82 1/4 deg. E. 23 38-100 poles to a corner near the toll gate house; thence with what was known as the John Oldham lines S. 20 1/2 W. 58 24-100 poles to a stone, corner with Oldham; thence N. 65 1/4 deg. W. 59 6-10 poles to the center of the Mt. Sterling and Levee turnpike; thence up the pike N. 1/4 deg. W. 20 48-100 poles to the beginning, containing 15 acres, 1 rood of land, more or less, and being the same land conveyed to Nannie E. Oldham Stofor by Ida and Blanche McKee by deed dated March 10, 1909, which deed is of record in Deed Book 65, Page 265, Montgomery County Court Clerk's office.

SECOND TRACT.—That certain lot of ground and improvements thereon, situated on the South side of Main street in the city of Mt. Sterling, Montgomery County, Kentucky, and bounded on the North by West Main street and beginning at a corner on the West with the property of John P. Games (now Lila H. McKenna) South to a corner with same, a distance of 192 feet; thence East with said line, a distance of 81 feet and 2 inches to a corner with the Games property and the property of Dr. Ellis Spratt (formerly Jerry Cockrell); thence North with the said Spratt's line a distance of 192 feet to Main street; thence with the line of Main street a distance of 84 feet to the beginning, and being the same property conveyed by Mrs. C. A. Reid to Nannie E. Oldham (now Stofor) by deed dated March 3, 1896, of record in Deed Book 53, Page 19.

THIRD TRACT.—An undivided one-third interest in and to a certain tract of land in Montgomery County, Kentucky, on the North Fork of Lulbegrud Creek and bounded as follows, to-wit: On the North by the lands of Nannie E. Oldham Stofor and Mary C. Oldham; on the South by the lands of Lewis Knox; on the West and adjacent to the Mt. Sterling and Levee turnpike, and containing three-fourths of an acre, more or less; same being the northwest corner lot of a tract of

land which was conveyed to Mary J. McKee by Allie L. Smallwood, etc., by deed dated February 17, 1881, and being the same land conveyed by Ida and Blanche McKee by deed dated January 17, 1902, to Nannie E. Oldham (now Stofor) and the defendants, Mary C. Oldham and Matthew W. Oldham. Of record in Deed Book 63, page 375.

The house and lot in Mt. Sterling, Kentucky, (tract No. 2 above) will be sold subject to a brick street lien in favor of the City of Mt. Sterling, Kentucky, and its contractors for \$249.87 with six per cent. interest thereon from September 1, 1916.

The purchasers will be required to give bond, with approved security, for the payment of the purchase money, to have the force and effect of a Replevin Bond, bearing legal interest from the date of sale, according to law.

Bonds payable as follows:

To Loula K. Warford for \$1,039.35 out of the proceeds of sale of Tract No. 1; to Mrs. W. T. Lyons for \$3,163.93, and to John W. Williams for \$1,581.97 out of the proceeds of Tract No. 2 above; and if that is not sufficient, the balance out of the proceeds of Tract No. 1; and to the undersigned Master Commissioner for the balance of the purchase money, if any, of Tracts Nos. 1 and 2, and for No. 3.

The bidders will be prepared to comply with these terms. A lien will be retained on the lands sold until all the purchase money is paid.

HIGH PRICES AND COMMUNITY CO-OPERATION.

We are inclined to view the present era of high prices as conducting entirely to the benefit of the farmer, and to regard him as a very fortunate individual. True, he is more fortunate than he has been in times past, but while he has been relieved of some burdens he has been saddled with others. Not all the high prices have benefited him.

We are too apt to view the farmer as living entirely on the farm and off its products. In one sense this is true, while in another sense not. While his means come from the farm, much of those must be exchanged for commodities that do not come from the farm.

The farmer must wear clothes, and these must come from the manufacturers and the merchants. He must have farm implements, and these he cannot make. He must have wagons and buggies, and if he is to enjoy life as his city brother, automobiles, and the prices of these articles are soaring in company with the products of his farm.

But what we started out to remark was that the farmers can in a large measure meet and overcome the effects of the high prices of farm implements by a well-planned system of co-operation. And it looks now as though this plan will have to be adopted. The demand for war supplies has diverted the energies of many large factories, and a shortage of farm implements is freely predicted.

In this event co-operation in the purchase and use of the more costly of farm tools used on the farm, where one implement may be made to do the work of several farms. Every farmer knows what they are, and it is unnecessary to enumerate them. We merely would impress the fact that wherever these can be owned and operated co-operatively, it is not only economy to do so, but it is also of real benefit to the country in this crisis. Every ounce of energy that can be diverted from the manufacture of farm supplies can be devoted to the manufacture of government supplies.

Every community in our country should give this matter serious consideration this fall, while planning for that record crop that will be needed next year.

Cost for Cash

LEWIS-REDDEN WEDDING.

The marriage of Miss Josephine Lewis of this county, to Mr. Robert Gilbert Redden of Frankfort, was solemnized Saturday at 3 o'clock in Mt. Sterling at the residence of the officiating Minister, Rev. J. S. Wilson. The ceremony was witnessed by only a few of the relatives. The bride was becomingly attired in a brown suit with large picture hat and her bouquet was a lovely corsage of Ward roses. Mrs. Redden is a daughter of Mr. and Mrs. H. Lewis of this county, a member of one of the most prominent families of this section and a popular and charming young woman. Mr. Redden is the son of Mr. and Mrs. Robert Redden of Frankfort, and is a young man of splendid ability. The happy couple will reside in Jessamine county where the groom is farming extensively. We join in tendering congratulations and best wishes.

LAST SUNDAY A GREAT DAY AT THE METHODIST CHURCH.

The weather was ideal and everybody looked hopeful. The Sunday School was largely attended and showed a decided quickening of interest. The Men's class taught by Mr. Winn looked especially large; but when the ladies from Mrs. Myers' class joined them owing to the absence of their teacher who is sick it looked like a young church.

The Old Folk's Service was a special feature in the Morning. The church was tastefully decorated by the committee headed by Mrs. Lodem Burbridge. The large committee of which Mrs. Charlie Oldham was chairman had done valiant service in getting an unusually large number of old people to the service. There were two present who had past their 90th birthday, Bro. J. Green Trimble and Bro. S. S. Fizer. Bro. Trimble is past 94 and came to the church unassisted. They came in wheel chairs, carriages, autos and leaning heavily on the arms of others. Some could not see, some could not hear and still others could not walk; but their presence was a benediction to the whole church. They joined heartily in the singing and at one time Mr. Weldon had them to sing "Jesus Lover of My Soul" by themselves. The whole church was cheered by the presence of the pastor, Dr. Southgate who for the past week has been shut in on account of ill health. When he walked into the church there seemed to be a sweet and unctious atmosphere that pervaded the audience and many wept for joy at the sight of him.

Every seat in the house was taken at the Children's Service in the afternoon. There must have been a hundred children present. It was thrilling to hear them sing "Shine Where You Are." Mr. Weldon drove home the truth that sin poisons the life and that the only remedy for sin is to be found in Jesus Christ. Many mothers, fathers and teachers were present. At the close of the message many of the children gave Dr. Southgate and the evangelist their hands as an indication that they had accepted Christ.

The evening service was crowded. Every available space was used and then many stood up around the walls and some were turned away. Mr. Weldon brought a straight forward, pungent message on the Future and Eternal Punishment of the Wicked. He calls a spade a spade and preaches the old time truth with terrific earnestness without regard to friend or foe. For 45 minutes the immense audience listened with rapt attention as he brought logic and scripture to bear on this theme. At the close of the service one professed to have been reclaimed and three came forward for membership. At the close of the day from all the services there were above 20 applications for membership.

The Wisdom Sisters sang at all the services. They have brought the church and community a great blessing in song. They endeared themselves to the people and our prayers and best wishes go with them to their next field of endeavor.

Evangelist Weldon believes in planning ahead and working his plans. He seems not to be satisfied until every member in the church gets to work. He thinks the church has no place for critics, slackers and shirkers. His slogan is "A hard pull, a long pull, all together."

On Thursday afternoon at three o'clock service he will address all the Women's Organizations in town on two very important topics; namely, Shall We Allow Card Parties and Dances in Our Homes? These things have to do vitally with the moral and spiritual life of the community. A special invitation given all ministers and Christian workers to attend this meeting.

HANDSOME MODERN RESIDENCE —AND— FINE SOMERSET LIMESTONE FARM LANDS —FOR SALE AT— PUBLIC AUCTION

THURSDAY, NOVEMBER 22, 1917,

at 1:30 o'clock p. m., on the premises, two miles from Mt. Sterling, Ky., I will, as agent for Mr. W. E. Little, expose for sale at public outcry his handsome country home and fine Blue Grass limestone farm lands, on Grassy Lick pike. The farm will first be offered in two tracts and then as a whole.

TRACT NO. 1—Contains the handsome and modern residence and improvements and will have about 65 to 67 acres of land. The residence was built about 5 years ago, and cannot be duplicated today for \$12,500. There are nine rooms, two large halls, two bath rooms, linen room, two pantries, large closets and one of the best cellars to be found anywhere. The interior finish is in white and mahogany, has hard wood floors, and is fitted throughout for electricity for lighting, and the plant is installed and is now furnishing electricity for the entire house and large barn. There is a handsome porch across the front and east side with a double porch in the rear that is 10x20 feet and has a cement floor. A large attic is over the entire house. There is in the cellar a complete and up-to-the-minute arrangement for pumping water to all parts of the house and the connections are so simple and arrangements so complete that any child can operate them. On this tract also is a large stock barn, 180 feet long, a large silo, a tenant house, a small barn for stock, a shed for automobile or buggy house, a 12-acre tobacco barn, stripping room, corn crib, large well in the yard, a splendid orchard, rich garden, poultry arrangement and, in fact everything that goes to make up an ideal country home. There is plenty of water on the tract of land, including a large pond, pool, creek and several springs. The fencing on the lines and cross fencing is good. There is about 20 acres in cultivation on this tract, the balance being in Blue Grass sod, with the cultivating land sown to rye, and there is a good stand.

TRACT NO. 2—Fronts the Grassy Lick pike, a good distance running from the Rezin Howell line to a fence on the East and with that fence will run a practical straight line to the rear, and will contain about 65 acres of land. This tract has on it a good tenant house and a stripping room, and about 35 acres of it is in Blue Grass sod, with the balance in corn ground and rye. This tract has good fencing and is watered by three springs and ponds.

Notwithstanding that the farm is one of the best improved in Central Kentucky and is a home of refinement and culture and one that will appeal to those of taste, we want to call especial attention to the land itself. Both tracts contain about 130 acres of land, and all of it is susceptible to cultivation. For years it was used as a stock farm and thousands and thousands of tons of manure was spread all over the soil. Up until three years ago it was all in Blue Grass sod, and it has been handled carefully and cultivated properly and is today as rich and fertile as when made by the Almighty. Practically the entire boundary of the farm will grow tobacco or hemp, or wheat, corn or any other crop. These lands lay on Somerset creek, acknowledged to be the richest section of Montgomery county and one of the richest portions of soil in the United States. There are about 75 acres of this land now in Blue Grass sod, some of which has not been plowed in over half a century, and it is ready for tobacco, but the beauty of the entire farm is that none of it is tobacco tired and all of it will produce the very finest quality of the weed. On either tract you can find enough land to fill a fifteen acre barn for a life time, and we venture the assertion that there is no farm in all the State on which richer soil can be found than on this one. It is seldom that a farm of this character is offered at public auction and if you are in the market for a good home or for land that will pay ten to fifteen per cent on the investment, this is the opportunity of your life here.

TERMS OF SALE—Will be made satisfactory to the purchaser and possession of the farm will be given on March 1, 1918, or sooner if parties agree when sale is made.

REMEMBER THE DAY AND DATE—Thursday, Nov. 22, 1917, at 1:30 o'clock. Sale will be held on the premises. Visit the farm and look it over. Will be glad to show the property to prospective purchasers.
